

# Bicycle Parking Incentive Program

Would You Bike To Work If There would be Reliable Bicycle Parking At Your Employer's Site?

For thousands of commuters, **especially those who live within 5-10 miles from the work place**, bicycling can be an excellent, healthy commute option.

**That's Right, We Help Your Employer Pay For The Bike Parking Units!**

The Alliance will provide a **50% match** for the cost of purchasing and installing bike parking facilities up to \$ 500 per unit. There is no limit\* to the number of racks or lockers this incentive can be applied to. After installation and payment to the vendor the Alliance will reimburse your organization with the amount specified in the beginning of the project. Our offer can make the installation of even a few bicycle parking units very economical.

**The Alliance Makes It Easy, Too.**

Contact your employer and encourage her/him to give us a call at (650) 588-8170 and ask for your company's Alliance representative. Refer your employer to [www.commute.org](http://www.commute.org) to help explain the great program benefits. Or just send your employer's contact information to [alliance@commute.org](mailto:alliance@commute.org) and we'll contact her/him for you.

1150 Bayhill Dr., Ste 107
