

Vanpool Program

- **Recruit employees from a wider area.**
- **Retain valuable workforce.**
- **Ease parking congestion at the work site.**
- **Support Global Warming reduction.**

Host A Free Vanpool Workshop

Enhance your benefits program without effort or cost!

Employee vanpools commuting to your site will help to increase retention rate of employees coming from a greater distance. Vanpools can reduce absenteeism and increase productivity because this commute mode alleviates the financial, mental and physical stress associated with a long commute.

The Alliance will coordinate a free vanpool formation meeting at your worksite and bring vanpool experts along. A brief presentation will inform all your interested employees about their options.

And We'll Pay Your Employee To Try It!

As an incentive to help your employees get started, the Alliance will pay for half of the vanpool seat costs for a new riders first 3 months (up to **\$100/month**). In addition, employees that agree to drive a new vanpool for at least six months will receive a **\$500** cash bonus. These are great one-time start-up subsidies.

Is A Meeting Right For Your Worksite?

Contact the Alliance to find out!

To host a vanpool meeting, or simply get more information call 650-588-8170 and ask for your Alliance representative or email us at alliance@commute.org.
