

# Vanpool Program

- The economical long distance commute
- Less stress, road rage
- Reading, sleeping while commuting
- Help fight Global Warming

## Want To Save Money On A Long Commute And Get Paid for Doing It?

In that case vanpooling might be THE commute mode for you. Picture this ... You meet your van in the morning at a prearranged place and time. Then, you settle into a comfortable seat for a relaxing rider. What a perfect time to read, snooze or even catch up on some work. In the meantime, around you, thousands are fighting traffic.

## And We'll Pay You To Try It!

As an incentive to help your get started, the Alliance will pay for half of the vanpool seat costs for a new rider's first 3 months (**up to \$100/month**). If you agree to drive the new vanpool (with 7+ people) for at least six months you will receive a **\$500 cash bonus** (rotating drivers can share the bonus).

The rules are spelled out in detail on our vanpool incentive program application brochure.

## How Can I Get Involved In A Vanpool?

If you would like us to contact your employer, give us a call at 650-588-8170 and ask for your Alliance representative or email us at [alliance@commute.org](mailto:alliance@commute.org).

## To Receive Your Rebate ...

If you are a new vanpool rider or driver or are planning to become one, download and fill out the reimbursement form in the programs/vanpool section at [www.commute.org](http://www.commute.org).
